

If I could take away all the pain you ever been through
I'm hoping that I would be the one you would wanna run too
Cause there is no doubt in my mind that you're the one for me
Now I got to get the whole world to see
How much it means to me

We didn't get married (But it feels so special, yes it feels so special)
This ain't a baby (But it feels so special, yes it feels so special)
Didn't hit the lottery (But it feels so special, yes it feels so special)
That's what you mean to me (Cause you are so special, yes you are so special)

You're like a diamond in a cave that's never been seen
And you're the most beautiful place I go to when I dream (When I dream)
And if the world turned on you I would be there to pull you through
Cause can't nobody ever take your place (Yeaaaah)

We didn't get married (But it feels so special, yes it feels so special)
This ain't a baby (But it feels so special, yes it feels so special)
Didn't hit the lottery (But it feels so special, yes it feels so special)
That's what you mean to me (Cause you are so special, yes you are so special)

You're all to me, the perfect sea and I can't be without your love
Girl you take me there now I can reach the stars
There's no doubt about it you got my heart now and I'm all yours
And I'm ready to be all that you asked for!

We didn't get married (But it feels so special, yes it feels so special)
This ain't a baby (But it feels so special, yes it feels so special)
Didn't hit the lottery (But it feels so special, yes it feels so special)
That's what you mean to me (Cause you are so special, yes you are so special)
