## Average White Band

Working in a Soul Mine  
Working in a Soul Mine  
Working in a Soul Mine  
Working in a Soul Mine

You make me work, just love to see me sweat  
The hotter baby, the rougher that it gets  
You're a heart 's stopper, you must be made of stone  
Sometimes I swear I wish, you'd leave me alone

It's like working in a Soul Mine  
I just can't work no harder  
It's like working in a Soul Mine  
'Til the day is done

Working in a Soul Mine  
I just can't work no harder  
Working in a Soul Mine when can I have some fun  
Yeah, you make it seem, you're having fun when I hurt

Sometimes I think you just love to see me hurt  
I'm like a dog babe, digging in the dirt  
Sometimes I think you don't know what you're doing to me  
Back on my knees, got a mind to set me free

It's like working in a Soul Mine  
Just can't work no harder  
It's like working in a Soul Mine  
'Til the day is done

Working in a Soul Mine  
I just can't work no harder  
Working in a Soul Mine, when can I have some fun  
Working in a Soul Mine

Working in a Soul Mine  
Believe me baby, I don't want to be this way  
You bring me trouble girl, what more can I say  
Give me soul, blood and roll my fingers to the bone

Give me back my soul babe, I want to take my spirit home  
Now I'm working in a Soul Mine  
Just can't work no harder  
It's like working in a Soul Mine

'Til the day is done  
Working in a Soul Mine  
I just can't work no harder  
Working in a Soul Mine, gotta have some fun

It's like working in a Soul Mine  
Just can't work no harder  
It's like working in a Soul Mine  
'Til the day is done

Working in a Soul Mine  
I just can't work no harder
