AWOLNATION

Wake up  
Wake up  
Wake up

Wake up  
Well it's nice to meet you  
Do you have a name?  
'Cause I would like to teach you, baby  
Alright  
If it's unfamiliar  
When the sharks are swimming  
We will watch them kill ya, baby  
Yeah, you  
I'm a little shocked  
'Cause I can see the future  
Lookin' through your eyes  
Tonight  
Don't you fall asleep  
Don't you fall  
It's only gonna take a little time

Before we start to lose our minds  
We're leavin' all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of line  
I'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake  
Up

Wake up  
Well it's nice to know ya  
Have you learned to fly?  
'Cause I would like to show ya, baby  
Alright  
If it's unfamiliar  
When I taste your face  
Then I can break the mirror, baby  
Yeah, you  
I'm afraid to hide  
'Cause I can live today  
Before I say goodbye  
Tonight  
Don't you fall asleep  
Don't you fall  
It's only gonna take a little time

Before we start to lose our minds  
We're leavin' all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of line  
I'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake  
Up

Take some time to breathe  
Let's take some time to breathe  
From the desert to the sea  
It's the same for you and me  
When you say you'd rather bleed  
Is it really what you're thinking  
Let's take some time to breathe  
Out, yeah  
It's only gonna take a little time

Before we start to lose our minds  
We're leavin' all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of line  
I'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake  
Up  
It's only gonna take a little time  
Before we start to lose our minds  
We're leavin' all the haters behind  
Before the sun decides to hide  
(You got to know, you got to know)  
I know you think I'm maybe out of line  
I'm scared to love what we love most  
It's only gonna take a little time  
(Wake)  
(Up)  
Before we start to lose our minds  
Wake  
Up
