

# Freedom Comes

Axxis

Brothers killing brothers  
In our neighbourhood  
All we do is stare

Blood runs out of  
The television screen  
The blame is ours to share

When freedom comes  
For everyone  
Out of the blue  
A world as new  
When freedom comes  
For everyone  
A new life has begun

Thought it was god given  
That life in peace and wealth  
Freedom was for everyone

Livin' in a small world  
Isolated from the truth  
Waitin' for the sun

When freedom comes  
For everyone  
Out of the blue  
A world as new  
When freedom comes  
For everyone  
A new life has begun
