

Voodoo Vibes

Axxis

What you do to me is voodoo
I'm the puppet in your hand
If you stick a nail inside it
I can feel the pain it sent

The moon will be my witness
when I break your magic spell
Take care of what I give you
'cos I've got only one soul to sell

I've got only one soul to sell
I lost my will...

You've given me Voooooodoo ; Give me
