

Deep Wide Tall

Aztec Camera

My girl
She fled the fatherland
And all it's dumb demands
My Girl
She is the essence pure
She's super sure, she's got the cure
She's love ambassadress
With a message

Here comes the bottom line

Are we going to live togehter
Lovers over all
One unending understanding
Deep & wide & tall

My girl
She is the sweetest sound
When living lets me down
My girl
Can turn me on this way
>From a world away
She's love's ambassadress
She's got a message

Here comes the bottom line

Are we going to live togehter
Lovers over all
One unending understanding
Deep & wide & tall
