

Be Your Last

Azure Ray

I just want to be your last is that too much to ask
I know it can't be that much fun
Playing these heartbreak games
I can put it all in the past
If you'll just let me be your one
Let me be the last
I think you've had your share of fun
I just want to take the burden all the way
You deserve a life and one true wife
Let me be the last
