

# Spirit In The Dark

**B.B. King**

Are you getting the spirit in the dark  
Are you getting the spirit in the dark  
People moving, ah, tell me we're grooving  
Just getting the spirit in the dark

Tell me, sisters, how do you feel  
Tell me, my brothers, my brothers  
How do you feel  
Do you feel like dancing  
Get up there and let's start dancing  
Get up and let's start dancing  
Start getting in the spirit  
Oh, getting in the dark  
Spirit in the dark

Just like Sally Walker  
Sitting in a saucer  
That's how you do it  
Just go on, get on up to it  
Ride, Sally, ride  
Put your hands on your hips  
Cover your eyes, and move  
Come on get it  
Get in the spirit  
Move with the spirit  
Come on and move, get in the spirit  
Darling, move, move with the spirit  
Oh move, get in the spirit  
Help me move  
Move  
With the spirit  
Spirit

Are you getting the spirit  
Spirit in the dark  
I wanna know, are you getting the spirit  
Getting the spirit  
Getting it in the spirit  
Are you getting the spirit  
Getting the spirit  
Keep moving  
Oh hey, we're rocking and grooving  
Just getting in the spirit  
Getting the spirit  
Oh in the dark

We're gonna do it one more time  
It's just like Sally Walker  
Sitting in that great big flying saucer  
Hey, that's how you do it  
Get down and get on up to it  
Come on and get it  
Ride, Sally, ride  
Put your hands on your hips  
Cover your eyes, and move  
Move, move on  
Move with the spirit

I'm telling you to groove  
Groove on  
Groove with the spirit  
On and on  
Go on and move  
Move  
With the spirit  
Spirit  
Come on and groove  
Move it  
Groove with the spirit  
Move on

On and on  
Yeah  
Help me, help me, help me  
Help me move, move, move, move  
Move, move, move, move  
Move, move, move, move  
Move, move, move, move  
Give it up, give it up  
Give it up, give it up  
Give it up, give it up  
Give it up, give it up  
You got it, you got it  
You got the spirit

Spirit

Feel it

I feel it, baby  
You know what I mean, baby?  
Yes, I do  
Oh baby. You gotta feel the motivation  
I feel it, honey, I feel it

Feel the spirit  
In the dark  
Get ready
