

# Strange Clouds

**B.o.B**

Yeah  
Hahaha  
Oh you already know we gon' do  
Hahahaha  
Hey

Well, if you guessin' it's me, you guessed correctly  
I just stay with a stallion, you would swear I was an equestrian  
I hit her with that pipe, call that Nancy Kerrigan  
Stay on the greenest greens, call us vegetarians  
You be on that minor league, but we smoke professionally  
I do my job exceptionally, on point like a decimal is  
The way I ride on the beat man I be in the street it's done so effortlessly  
Yeah, so these niggas can't sleep on me, there's no Inception in this bitch  
I'm top chef, you top ramen, I'm top shelf  
No last call, to the bartender, what you got left?  
Pour it up, don't stop there, hold your cup, take a shot, yeah  
All night we celebrate, cause we everywhere and you not there  
Ha,

All we do is pour it up  
All night, drinks out  
(That's how we do it)  
(That's how we do it)  
And all we do is light it up  
All night, all you see is strange clouds  
Strange clouds, strange clouds

Blue jeans, I'm faded, mindin' my own data  
Smokin' on that strong, that Arnold Schwarzenegger  
It's Tunechi Lee you bitch you, you hot as an igloo  
Kick back on that glock, call that Jiu Jitsu  
Hello world, I'm with a yellow girl, number 2 pencil  
These rappers is washed up, spin cycle, rinse you  
My nigga, all day, all night, half pipe  
I dive in that pussy, yeah I belly flop, I jackknife and shit  
And tell my homies that I say it's a party  
Got that tech for technical difficulties  
I'm top dog, you top ramen, I'm top dog  
Piru, gangsters, outlaws  
Yeah!  
(Young Mula baby)

All we do is pour it up  
All night, drinks out  
(That's how we do it)  
(That's how we do it)  
And all we do is light it up  
All night, all you see is strange clouds  
Strange clouds, strange clouds

Well ain't no question, yes, it's B.o.B yes definitely  
Up in the studio, I got on my necessities  
If you want that real shit, you made the right selection  
I'm Decatur 'til I die, yes, I rep that definitely  
They say I'm a celebrity, what the fuck's a celebrity?  
I guess I must invest in the proper form of protection

And I, say it's a curse but it's emotionally a blessing  
To a nigga from the hood tryna aim for the top  
But I don't even need no directions  
I just wake up and then I roll up the purp  
But these niggas wake up on my dick  
At least have some breakfast first  
Nigga keep your nourishment first and your mind on my lyrics  
Cause what you hoping to accomplish I already did it bitch

All we do is pour it up  
All night, drinks out  
(That's how we do it)  
(That's how we do it)  
And all we do is light it up  
All night, all you see is strange clouds  
Strange clouds, strange clouds
