

Whole Again

B5

I guess I should've listened
When you spoke the language of love,
But I got lost in translation.
Now the only thing that's missing,
Is the only one I'm dreaming of
My only way to salvation, is you.

But just like an echo, echo in my head,
I hear the words I said:
I said I wasn't in love but I was wrong
Cause there's no sunshine now you're gone
My heart is breaking and now I'm not faking (no)
So come and kiss the pain away
See sunshine after rain
My heart is breaking
And only you can make it whole again
Whole again,
Oh, whole again.
Who-whole again.

We'd make the sweetest music,
We wrote our names in the sand,
You said our love would last forever.
Now I wish I'd read the future in the palm of your hand,
Then maybe we'd still be together, me and you.

But just like an echo, echo in my head,
I hear the words I said:
I said I wasn't in love but I was wrong
Cause there's no sunshine now you're gone
My heart is breaking and now I'm not faking, no
So come and kiss the pain away
See the sunshine after rain
My heart is breaking
And only you can make it whole again
Whole again,
You can make whole again,
Come make me whole again.

I'm picking up the pieces,
The pieces of my broken heart,
Making a brand new start.
Oh words they don't come easy,
I wish that I could turn back time,
To the day when you were mine.

Whole Again!

But just like an echo, echo in my head,
I hear the words I said:
I said I wasn't in love but I was wrong
Cause there's no sunshine now you're gone
My heart is breaking and now I'm not faking, no
So come and kiss the pain away
See the sunshine after rain
My heart is breaking
And only you can make it whole again

Whole again,
You can make whole again,
Come make me whole again.
Whole again,
You can make whole again,
Come make me whole again.
