Won't Tell

Babes in Toyland

I won't ever tell on you Ever see me do I wait forever for you

Figure out your problem with me is you I won't be like you
Ever see right through
I wait forever for you

Figure out your problem with me is you I won't ever tell on you Ever see right through I wait forever for you

Figure out your problem with me is you You come running through

Figure out your problem with me is you I won't ever tell
