

# Big Time Friends

## Baby Animals

Raise your head to the sound of the bell  
Throw your money in the wishing well  
Look to the stars and make a wish  
For fame, fortune, money and wealth

One by one you will soon  
Wake up to find, yeah  
A great wall in front of you  
Said look at the big boys now

Oh he's laughing all the way home  
He's got some big time friends  
Plenty of money to earn  
Make your move it's the sign of times

What you need could be all in your mind  
Sing it, yeah  
One by one you will soon  
Wake up to find, yeah

A great wall in front of you  
Look at the big boys now  
Ooh he's laughing all the way home  
He's got some big time friends

Plenty of money to burn  
Look at the big boys now  
Oh their crying  
He's lost his lunch time friends

Plenty of loving to learn  
One by one you will soon  
Wake up to find, yeah  
A great wall in front of you

Said look at the big boys now  
Oh he's laughing all the way home  
He's lost his big time friends  
Plenty of loving to learn

Oh yeah  
Look at the big boys now  
Ah he's crying  
He's lost his lunch time friends

Plenty of loving to learn
