

Better Than Love

Babybird

you make it wrong
to feel bad
you make it stupid
to feel sad

you give my heart
superblood
makes it better
better than love

you make me feel ... better than Jesus
you make me feel ... better than drugs
you make me feel ... better than anything
you make me feel ... better than love

you make it okay
to feel good
you'd made it alright
when you could

you give me more
than anybody should
you gotta come back
cos you're better than love

you make me feel ... better than TV
you make me feel ... better than god
you make me feel ... better than everything
you make me feel ... feel feel feel feel

better then love
better then love

me and you we got superpower
like electric chairs in the shower
you make life fizzie back every hour
you make it better
better than love

you make me feel ... better than anyone
you make me feel ... better than love
you make me feel ... better than Jesus
you make me feel ... feel feel feel feel feel

you make me feel ... better than TV
you make me feel ... better than drink
you make me feel ... better than anything
you make me feel ... feel feel feel feel
