

1. I hold you closely you push me a-way
I want for-ever you just want to-day
Give me your fingers wash out your mouth
Bite off my tongue on this bloody couch

R1: But I don't blame you you're always right
I'm like a bad day on your good good night

2. I hear the tick of a bomb-ah all you hair in a fuse
You asked me for a light to blow away these blues
Run me a bath then plug me in
I'm like a TV learning to swim

R1: But I don't blame you...

Mmmm mmm Mmmm mmm Mmmm mmm Mmmm mmm
Mmmm mmm Mmmm mmm Mmmm mmm Mmmm-mmmm

3. I hold you closely you push me a-way
I want for-ever you just want to-day
Give me your fingers wash out your mouth
Bite off my tongue on this bloody couch

R2: But I don't blame you you're always right
I'm like a bad day on your good good night
But I don't blame you you're always right
I'm like a bad day on your good good good good night
