

Fly Away

Bad Boys Blue

We're gonna find a stairway
To the shining stars tonight
We close our eyes
Just you and I
We're gonna fly
We're gonna fly through all the centuries
And all the times
And maybe we will find a paradise

Fly away
Fly away
We can fly away in a time machine
Fly away
Fly away
We can fly away in a time machine tonight

We're gonna dream
A hundred dreams
A thousand fantasies
And our heartbeat is ringing in the air
We're gonna meet the lovers
Romeo and Juliet
And maybe for one night
We're gonna stay there

Fly away
Fly away
We can fly away in a time machine
Fly away
Fly away
We can fly away in a time machine tonight
