

What Else?

Bad Boys Blue

Many hearts have been broken
But the wounds are healed by time
I still wait and I wonder
Why you broke this heart of mine
Finals words have been spoken
And we kissed our last goodbye
This scar is forever
All I need is one more try

What else can I do?
I'm still loving you
It's the only thing I need
What else can I do?
This feeling's so true
I won't end down on my knees
But I am begging you please

We have been up in heaven
And there's much that we've been through
But I can't fight a feeling
When there's so much left to do
Final words have been spoken
And we kissed our last goodbye
Do you think it's forever?
All I want is one more try

What else can I do?
I'm still loving you
It's the only thing I need
What else can I do?
This feeling's so true
I won't end down on my knees
But I am begging you please
