Easy On My Soul

Bad Company

Some say love is Some say what is love Some say in love is love When you're around me I really want to know

Some say life is Some say what is life Some say in the life When you're around me, yeah I say easy, easy on my soul Easy, easy on my soul Easy, easy on my soul

Some say love is Some say what is love Some say is love really all around me

I want to tell you my story I want to tell you I'm flying Anyway, yeah, yeah, yeah

Ah, ah, ah, ah, ah, ah Watch me now, all right Some say love is Some say what is love Some say is love really all around me

I want to tell you my story I want to tell you I'm flying Anyway, yeah, yeah, yeah Oh, yeah

Easy, easy on my soul Oh, yeah

Won't you take it easy, easy Won't you take it easy, oh yeah
