

Fade Away

Bad Company

Fading colours, changing sounds
Shades of night come tumbling down
Bring tomorrow like yesterday
Fade away

Here I am, a wayward man
Following the light to a distant land
Come tomorrow, without yesterday
Fade away

High adventure I just begun
Fame and fortune got me on the run
Break off the way
Fade away, yeah

Oh yes I am a wayward man
Following the light to a distant land
Come tomorrow, without yesterday
Fade away

Oh fade away, fade away
