

Dream Of Unity

Bad Religion

I had a dream of unity
where we would walk side by side
but today I see that it's only me
just tryin' to get by
sometimes we strive undeterred
to walk as one toward our goals
but as people stray toward more selfish ways
we see we have no control

I had a dream of unity
where we would walk side by side
but today I see that it's only me
just tryin' to get by
just tryin' to get by
