

# The Biggest Killer in American History

Bad Religion

You have got your stranglers and prowlers in soft shoes. Furniture makers,  
carpenters too  
Bombers and commandos, all with some lost cause  
Disgruntled workers, immersed in "veritás"  
But stealthily, in the land of the free, he's lurking there  
Most are unaware of  
The biggest killer in American history  
And god shed his grace on thee  
Business institutions universities  
Both are quite the circus where the killer wants his way  
I think of Edward Teller and his moribund reprise  
Then I look to Nevada and I can't believe my eyes  
It's time for him to die!  
Most cannot remember minutia learned in school  
It's not there on the blackboard, it's what they don't tell you  
We have got a problem, it starts and ends right here  
It can be defeated but you've got to face your fear  
We'll join and unite and steady our sight  
Then we'll put it right 'cuz it's time to fight  
The biggest killer in American history  
And god shed his grace on thee
