## **The Last Time**

Love, love love love

Oh my sweet, young child Livin' heartache alone Pictures cry on the wall

Whispered sins, never `prise me to fall Now you're twistin' it all

Wasted days are bringin' me down Oh girl I'm losin' you

Shattered dreams Spinnin' me `round Oh girl, what can I do

The last time I said I'm fallin' in love Girl, it's the last time I said I'm fallin' in love No, no, no, yeah

I remember that night And that very blind kiss You knew I'd never love on a lie

But time after time I'd be down on my knees Beggin' like never before

Wasted days are bringin' me down Oh girl, I'm losin' you Shattered dreams Spinnin' me `round Oh girl, what can I do

The last time I said I'm fallin' in love Girl, it's the last time I said I'm fallin' in love No, no, no, yeah

(Solo)

Girl, it's the last time I said I'm fallin' in love Yes, it's the last time I said I'm fallin' in love You know, it's the last time Baby, said I'm fallin' in love The last time I said I'm fallin in love No, no, no

Girl, it's the last time, yeah I said I'm falling for your love Tištěno time for Last time for
