

Fence Sitter

Ball Park Music

Is tonight wrong for my heart
I learnt the lines for the whole part
I bought the outfits and the cherry red lipstick
But the girl she gets to me

She was a smart artist
She looks you in the eye
And she kisses with her other fist
And it feels good
Oh I put it on red and I lose
I regret all my tattoos
I just wanna be a fence sitter
Fence sitter with you

And I admit it
It's total defeat
I tried to woo her with my two left feet
But in the poll booths, I tried to give a shit about it
But the girl she gets to me

She was a smart artist
She looks you in the eye
And she kisses with her other fist
And it feels good
Oh I put it on red and I lose
I regret all my tattoos
I just wanna be a fence sitter
Fence sitter with you

I was a dumb artist
Took a catalogue of hits to the edge of the cliff and I slipped
But it felt good
I put it on red and I lose
I regret all my tattoos
I just wanna be a fence sitter
Fence sitter with you
