

Escape

Balligomingo

Wounded hands, wounded feet
Taken down, left to bleed
Forces let this go
Whispered to never know

Escape
Erase my breath
Erase my being everything
Wield your mastery mask

Our destiny of blind deceit
Shrouded moon
Shadowed night
My eyes escape

Erase my breath
Erase my being everything
Drag me kicking, screaming
Torn red, revealing

My escape
Erase my breath
Erase my being everything
Retrace my steps in case you dream of me
