

# Survivor In Love

Baltimora

Take another song like yesterday  
Thinking of the way we used to play  
I don't think I'd face it through without you

Tears around a world we leave behind  
Something really strange inside your mind  
What are we supposed to do, surrender?

Survivor in love again

Make another change, a holiday  
Maybe my last chance to hear you say  
Let us find a love of ours together

Reflection of our love is in the sky  
I can see a teardrop in your eye  
Let me feel you close, I can't surrender

Survivor in love again  
Survivor in love again

Love me do  
I just wanna be the one to help you through  
The love I have inside I'll only find in you, yeah  
And I don't ever wanna try to hurt your pride, yeah

Hold me do  
Those cold and lonely nights out there are not for you  
This feeling warm inside I feel will pull us through, yeah  
And I don't wanna be the one to hurt your truth, yeah

Take another song like yesterday  
Thinking of the way we used to play  
I don't wanna go, I am without you

Tears around a world we leave behind  
Something really strange inside your mind  
What are we supposed to do, surrender?

Survivor in love again  
Survivor in love again

Don't split it up  
Now is the time  
Why don't we try again?

Love me do  
I just wanna be the one to help you through  
The love I have inside I'll only find in you, yeah  
And I don't ever wanna try to hurt your pride, yeah
