Saatana

Barathrum

Leather and bullet belts
Spikes, blades and chains
Sinister black metallers
It's time for feast tonight

Vomit, blood and semen Headbanging metal men Gloomy, dark and dim Ready for the sin

Spirit and the breath from hell Smoke and chants released from hades Tolling of the doom bell Christian slaves, sacrifices

The brave and the strong Filled with fury The bold and powerful Filled with rage

Wearing inverted crucifixes Wearing inverted pentagrams Tattooed marks of the beast Six hundred and sixty six

Saatana, saatana, saatana Headbanging for saatana Saatana, saatana, saatana Hails raising for saatana
