Winter Of The Black Snow

Barathrum

Winds whistle
frosty trees
gloomy darkness
it drains the light
world of chaos
corpses of carnage
it is snowing
black snow from the sky

Rites of blood
weltering in gore
Executioner
and spilling blood
crowd of creatures
evil laugh
human sacrifice
dies!

Ohhh, sky is dark thy fears wake up ohhh, nightmares of the winter of the black snow

Thousands of corpses all over the ground Axe of executioner is painted by blood Blood of sacrifice who have frozen tears Frozen tears in the frozen eyes...
