## Why Am I Still In Love

## **Barbara Mandrell**

I don't recall your number
Don't reach for you at night
Don't ask your friends about you
You're out of my sight, but I'm out of my mind

So why am I still in love - can you tell me Why I can't forget what you've forgotten Why am I still in love - can you tell me Why my heart stays in yesterday Oh, why am I still in love

I found a new apartment
New friends, new lovers too
It's not that I've been lonely
But nothing's changed my love for you
