

# Shadows on the Sky

Barclay James Harvest

See the river deep and wide  
Could be free on the other side  
Oh, cross the water  
When the gun and the knife have gone  
Who'll be here when tomorrow comes  
Oh, living in fear

Sunrise, sunset, sunrise  
Over the rainbow they fly  
Shadows on the sky

Hear the sound that fills the skies  
Killer man with dollar eyes  
Oh, bringing disaster  
You can stand, you can run  
When you hear the sound of a gun  
Oh, moving closer

Sunrise, sunset, sunrise  
Over the rainbow they fly  
Shadows on the sky  
Sunrise, sunset, sunrise  
Over the rainbow they fly  
Shadows on the sky

And as far as the eye can see  
Black as night is the cloud you're under  
There's a chance that it cannot be  
Hear the cries like the rolling thunder

Sunrise, sunset, sunrise  
Over the rainbow they fly  
Shadows on the sky  
Sunrise, sunset, sunrise  
Over the rainbow they fly  
Shadows on the sky
