

Invisible Fence

Barenaked Ladies

I heard you built an invisible fence
What about us, what about your friends
Its difficult not to take offence
When you're running intonan invisible fence
An invisible (invisible fence)
An invisible fence (an invisible fence)
An invisible (invisible fence)
Invisible, invisible

Some people just wanna build more walls
Thinking there's no hope, no peace at all
But building them comes at a great expense
Whether it is in your mind or wet cement
An invisible (invisible fence)
An invisible fence (an invisible fence)
An invisible (invisible fence)
Invisible, invisible

Invisible (invisible fence)
An invisible fence (an invisible fence)
Invisible (invisible fence)

I'll listen to that bird
I'll listen to that song bird
I'll listen to that bird
That sings for the peace of world
That sings for the peace of world

Yeah sure that we may have variance
Like colour of skin or the way we dance
And at end of the day we're not different
And we gotta break down the invisible fence
An invisible (invisible fence)
An invisible fence (an invisible fence)
An invisible (invisible fence)
Invisible, invisible
