

Coney Island

Barry Manilow

Coney island
Coney island
Mama used to take us all to
Coney island
That's what she did
All of us kids
Singin' on the subway out to
Coney island
Then suddenly we're there!

Everybody went to
Coney island
Fun in the summertime
All the kids were sent to
Coney island

Kids makin' noise and
Girls kissin' boys and
Summertime joys in
Coney island

Mama used to keep an eye on
All the children
Watchin' us play
All through the day

Swimmin' in the ocean out in
Coney island
Sweet memories still there

Everybody went to
Coney island
Laughs in the afternoons
All the kids were sent to
Coney island

Girls getting' wet
My first cigarette
I'll never forget it
Coney island
Coney island

How about those rides?
Sue holdin' on to me
Kissing under the boardwalk
Clouds up above
The tunnel of love
And cotton candy
For free

Everybody went to
Everybody went to
Coney island
Never wanted to go home
All the kids were sent to
Coney island

On warm Saturdays
The memory stays
Ah those were the days at
Coney island

Coney island
Thought the fun would never end
What a time we had at
Coney island
Kids makin' noise and
Girls kissin' boys and
Summertime joys in
Coney island
Coney island
