Change

Bashy

[Bashy Spits]
If I had it all again
Na I wouldn't 'a cried at my birth
I would've smiled
Just happy to be alive on this earth
I would've walked at 5 months been seeking my six
I wouldn't 'a wasted time 'cause as soon as your born
You begin to die
I would 'a grown up faster I would 'a spent more time with my father
I would 'a listened to his advice
But I had a hard head back then my head was much harder
I wouldn't 'a leaned on mother
Played them off against each other
Man I wish that I'd 'a known better
Maybe they'd still be together
I should 'a helped my sister more
She loves me more than she needs to her heart is pure
As a sister she's perfect
As a brother I was poor
Her voice is bad I mean BAD
But I never put her on tracks maybe I thought she'd still be a ten or
Don; t worry sis I'll rectify that I promise you that
N Dad you gave me a brother by another mother
I wish I'd forced ya to make us hook up more
'Cause he looks like me just a darker color
N 5 days younger
I've never said it before but I should've but Duane I swear I love ya
N as we get older
I hope we get closer
We have the same blood and bruv
I've got your back 'til the end of time
Remember I told ya
Univercity's I still would 'a dropped out
They can keep their B.A Honours
'Cause B.A Honours is destiny only the death of me
And God can stop it
I wouldn't have f**ked Andrew's ex
I should 'a put friendship before sex
That was the devil's test and I failed miserably
But that's in the past that's history
And how me and my ex girlfriends relationship dimished G
To me 's a mystery
We was outside in my ride you cried said you was missing me I Shouldn't have
 flang you tissues B I should 'a hugged you and gave you kisses T But I gues
s I just took liberties
I guess we wasn't meant to be
I still love you think I should've fought for ya heart
Aww forget it
I should 'a spent more time with Uncle hermon
If I made these changes would I still be Ashley or a different version
[Singing:]
If you had it all again what would you change? Would you do it differently o
r just the same? If you had it all again what would you change? Would you do
 it differently or just the same? (4x)
