

Die by the Power of the Axe

Battlerage

Metal fist, we strike like thunder
Iron spikes and leather in the night
Now we storm the stage with fire
Sounds from hell to banish all the lies

We bring the torment
The Metal Slaughter
Our Battlerage is ready to attack
We'll end your lies
Your head's the price
Fall on your knees and die...
By the power of the axe!

DIE BY THE POWER OF THE AXE

Hear the pounding metal power
Time has come for us to take their heads
Liar bastards' final hour
They will find the blessing of the death

We bring the torment
The Metal Slaughter
Our Battlerage is ready to attack
We'll end your lies
Your head's the price
Fall on your knees and die...
By the power of the axe!
