

Add Some Music to Your Day

Beach Boys

The sunday morning gospel
Goes good with the soul
There's blues, folk, and country
And rock like a rolling stone

The world could come together as one
If everybody under the sun
Add some music to your day
Add some music, add some
Add some music to their day

You'll hear it while you're
Walking by a neighbor's home
You'll hear it
Faintly in the distance
When you're on the phone

You're sitting in a dentist's chair
And they've got music for you there

To add some music
Add some music, add some
Add some music to your day

Add some music music everywhere
Add some music, add some
Add some, add some, add some music

Your doctor knows it keeps you calm
Your preacher adds it to his psalms

So add some music
Add some music, add some
Add some music to your day

Music when you're alone
(Add some music, add some music)
Is like a companion
(Add some music, add some music)
For your lonely soul
Oh, oh, oh...

When day is over
(When day is over)
I close my tired eyes
(I close my tired)
Music is in my soul

At a movie you can feel
It touching your heart
And on every day of the summertime
You'll hear children
Chasing ice cream carts

They'll play it on your wedding day
There must be bout a million ways

To add some music
Add some music, add some
Add some music to your day

Add some music to your day
Add some music to your day
Add some music to your day...
