

Wicksey Boxing

Bear Hands

Aspiring grizzly novelist
Reads his own work
Oh the police they bother him
About some missing girl

The sign is undeniable
The sign is undeniable
If you believe in a miracle escape
I believe we will never pass away
If you believe in a miracle escape
I believe we will never pass away

In spite of what we offered him
He never wrote
Hours of basement tapes and yards of bloody rope

The sign is undeniable
The sign is undeniable
The sign is undeniable
The sign is undeniable
If you believe in a miracle escape
I believe we will never pass away

If you believe in a miracle escape
I believe we will never pass away
And pass away, and pass away
And pass away, and pass away
