

I Can't Think Straight

Beastie Boys

I can't think straight

Take a look, look at me
What you get is what you see
Ride a bike, drive a car
Vegan Pie cut a fart
On the bus, on the train
Tami D on the brain
Can't explain like the who
Now it's time to do the do

I can't think straight

On my couch with a pen
Where's the phone again again?
Can't control rhythm rhyme
Naked beats on the mind
I am yes, you are no
I am yes, you are no
You are no, I am yes

I can't think straight

Good evening ladies
My name is Roy Cormier
I like it smooth generally
I mean, a lot of fellas, they like it raw
Personally, I prefer smooth
You know, like the coconut lotion

I'm talkin' like I run a lot of productions, company production
s
Keepin' it on the smooth, generally
And all of them like it uh
You know, you know with the coconut lotion and all
Keeping it lovely, it's uh, you know, nothing but love knows it
baby
I swear
