

# To Find My Way To You

Bebo Norman

Well I can't find the words to say  
Just to make, make this go way  
So you just bleed and I can't sleep tonight

'Cause it's hard to see just what you mean  
Across the lines that bring your voice to me  
But I can hear your every tear when you cry

And, oh love, when you say to me  
That your heart breaks every time I leave  
I would set out across the sea  
Just to find my way to you

Well I don't know which way to go  
So I search the stars, basking in the glow  
But they all fall down without a sound from the sky

Well I still can't find the words to say  
But you, my love, love me anyway  
So just go to sleep, and my heart will keep the time

'Cause, oh love, when you say to me  
That my kiss is the breath you breathe  
I would wake up from a thousand dreams  
Just to find my way to you
