

# Backstabber

## Before Their Eyes

I've come to see what lies behind those eyes  
Try to hide it but you can't hide you're full of lies  
It gets plain to see you ways have been disguised  
You can't deny it, you've got something to hide  
I just want you to know

You're a backstabber  
That's all you'll ever be to me  
I'll waste my words  
What else do you hide behind those eyes

I've grown so sick of spending my whole life  
Believing your eyes  
You can try to fight it  
But you know you're what I despise  
Then when you're down and that I hope  
Your thoughts are what you regret  
You let it show with every single game you play  
And everybody knows

You're a backstabber  
That's all you'll ever be to me  
I'll waste my words  
What else do you hide behind those eyes

I think it's time to find what you've done wrong  
You don't know what you've done every time you lie

You're just a ghost to me  
What else do you hide behind those eyes  
This is the last time

(Backstabber, backstabber)  
(That's all you'll ever be to me)  
(This is the last time)

You're a backstabber  
That's all you'll ever be to me  
I'll waste my words  
What else do you hide behind those eyes

Backstabber  
That's all you'll ever be to me  
You're a backstabber  
What else do you hide behind those eyes

I've grown so sick of spending my whole life  
Believing your eyes
