

Hear The Countdown Call

beFour

You are the one, your time is now
Just take your chance of reaching out
So make the step and you will see
You got the victory
You're strong enough just from the start
You hear the beating of your heart
So you can win it if you want
Just keep your feeling strong
Ten, nine, eight, seven
Six, five, four, three and
Two, and one and go!
Oh, we hear the countdown call
Ten, nine, eight, seven
Six, five, four, three and
Two, and one and go!
Oh, we hear the countdown call
You are the one just from the line
You hear this voice, this secret sign
It says you're making history
You got the victory
It's fun to be the number one
No matter when, this can't be wrong
So you can make it to the top
You'll never ever stop
Ten, nine, eight, seven
Six, five, four, three and
Two, and one and go!
Oh, we hear the countdown call
Ten, nine, eight, seven

Six, five, four, three and

Two, and one and go!

Oh, we hear the countdown call
