Ov Fire and the Void

Behemoth

"The divine is God's concern; the human, man's. My concern is n either the divine nor the human, not the true, good, just, free , etc., but solely what is mine, and it is not a general one, b ut is -- unique, as I am unique. Nothing is more to me than mys elf!" [Max Stirner]

I the Sun ov man The offspring ov the stellar race My halo fallen and crushed upon the earth That I may bring balance to this world

I son ov perdition From sheer nothingness transgressed Unto the highest self -- to utmost freedom To explore the starry nature ov my rage

I pulse ov existence The law ov nature undenied I hold the torch ov Heraclitus So I can shake the earth and move the suns

I divine Iconoclast Injecting chaos into my veins With life accepted With pain resurrected Is the embrace ov god in man profound

The joy ov a dawn The ecstasy ov dusk Nourished have I this karmic flow Where great above meets great below Let it be written! Let it be done! Scattered I walk towards the fractured light
