Gloriole on your worm eaten head Foul air escapes your lying mouth Tyranny throughout the centuries of pain Blinded zombies followed into the decline

Kneeling... in a stinking church
Crawling... before an image of god

Obliteration of adoration...

Burn the scriptures - fuck your obnoxious sermons Shove the host - up your sanctimonious rectums

Son of stench - oppressor of vice Castrated savior - king of imbecility We press the thorns deeper into thy rancid body Perennial torture - get raped by our sins...

Deride the martyrs of their crumbling dogmas Devoted vermin poisoned with impurity Shoot the servants of this rotten kingdom Abomination is the wages idolatry

Shed the blood of christ - vomit upon the cross

Kneeling... crawling...
Praying... Dying...
