

Alone

Ben Harper

This empty room it fills my mind
Freedom it leaves me confined
Every single wall has cracked
But in this life you can't turn back

I don't want to live,
I don't want to live alone
Alone
Alone
Alone

As these words are with my tongue
I question why they're even sung
I have promised but I lied
I don't even know myself inside

I don't want to be,
I don't wanna be here alone
Alone
Alone
Alone

Today and tomorrow have become,
Become one
Every single thing has become none
Human nature is a beast
What I've done the most to show I have the least

Please don't leave me here
Please don't leave me here
Don't you leave me alone
Alone
Alone
Alone
