

# Touch From Your Lust

Ben Harper

1. I need to sleep, but I'm too tired  
I need to calm down, but I'm too wired  
When the sun comes up, I miss the moon  
Cause I know tomorrow is gonna come too soon  
Is gonna come too soon....

R: She only wants to be wanted  
But time crumbles blue roses to dust  
And now I long to feel the touch from your lust

2. Scars on your back tell where you've been  
but I'll roll like the ocean if you blow like the wind  
sweet texas angel, what have your blue eyes seen  
I'll be your country gentleman if you'll be my mason-  
dixon queen

R: She only wants to be wanted...

3. So much sweeter than all the rest  
You're what lies between pain and death  
sinners and saints call you by name  
if your gonna take the praise your gonna have to learn to ta  
ke the blame

R: She only wants to be wanted...
