

Walk On Me

Ben Kweller

sometimes i wonder if you're still here look in' out for anything that could fall and hit your head

fluorescent lights burn out in time dear we see world in a different light did you give up?

love ain't supposed to be this bad, make you cry mega ultra sad . if i told you you're all i ever had would you walk on me? i wouldn't walk on you

if i was in your shoes i wouldn't walk all over you so please don't walk all over me if i was in your shoes i wouldn't walk all over you so please don't walk all over me

right now i feel like its all ending spit me out sell me cheap you'll never ever ever ever ever teach me to fly

in the sky its early and still mornin' all those smiles you made wanted to cry cause you gave up

love ain't supposed to be this bad, make you cry stupid shady sad. if i told you you're all i ever had would you walk on me? i wouldn't walk on you

if i was in your shoes i wouldn't walk all over you so please don't walk all over me. if i was in your shoes i wouldn't walk all over you so please don't walk all over me
