

See You Soon

Benjamin Francis Leftwich

When you were young
You lost on everyone
Then you closed your eyes
And said your goodbyes

In a year
Or ten, I will be there
I will come for you
When you are on your own

On a chair
In a room with no one there
I will touch your hand
And say I understand

What we lost
Was equal to the cost
Of my skin on yours
And say you want it back

If you get time
Come back and be mine
If you pass by
I will see you in the sky
I hope that you're told
I was young, now I'm old
If you pass by
I will see you in the sky

Now in the dark,
You're a light without a spark
In a car you drive back home
To see your friends

While you say
That everytime you pay
You were broke because
Your love has got away

You're the one
That fires off your gun
Then catches all the fire
When you're done

Are you sure
That you have won this war?
'Cause I heard you say
That this is our day

If you get time
Come back and be mine
If you pass by
I will see you in the sky
I hope that you're told
I was young, now I'm old
If you pass by
I will see you in the sky

I'll see you soon
I'll see you soon
I'll see you soon
You know

If you get time
Come back and be mine
If you pass by
I will see you in the sky
