

## As You Fall

Bent

Is this how  
You were found?  
Like a star fallen  
To the ground?

As you fall  
You make no sound  
As you fall  
Wish for a place where you want to be

Lying still  
Flowers all around  
In my dreams I see you  
Falling down

So is this how (is this how)  
You were found?  
Like a star fallen  
To the ground?

As you fall  
You make no sound  
As you fall  
Wish for a place where you want to be
