

Mind Control

Berlin

Techno-lust it's so near
Human Beings disappear
Digital control robots here
Daytime have no fear
Mind Control will appear
Calculators big this year
Analog circuits in the clear
Silicon chips in high gear

Mind Control Mind Control
Mind Control Mind Control

Man-made machines, digital chains
telephone calls to computer brains
close-loop technology games
your butt's in electrical flames
sequence systems, repeated crime
low atmosphere, exploding time
logic passes, programs are prime
the future world ain't worth a dime

Mind Control Mind Control
Mind Control Mind Control

Techno-lust it's so near
Human Beings disappear
Digital control robots here
anytime have no fear
