

# Gates Of Hell

Besatt

Lucifer  
I cut away torturing rope  
Of lies and hypocrisy  
So that I may look at your throne

Open the gates  
Lucifer  
Take my soul  
Satan master

Lucifer  
Let me climb over the schemes  
To understand  
The pentagram's Mystic power

I pass my path for long time  
Path without any forbid  
Path without any mercy  
My path leads me straight to the hell

Lucifer  
Give me your truth of wisdom  
So that I may mock  
at christian's rules

Open the gates  
Lucifer  
Take my soul  
Satan master
