

Let's Get Smiling

Biffy Clyro

Heart's beating slow again like the leaves, you're not around,
we just laugh and smile
We're indestructible, though the trees, would kill us if we turn
to the other side
Just relax, take your time, it'll be ok
Heart's beating slow again, like the leaves when you're not around,
we just laugh and smile
Just relax, slow down, take hold, keep smile, we all look the same
