Hail & Farewell

Time now Time to say goodbye All is forgiven here Waiting For the bells to ring For New Year's to begin Hail and farewell Llife begins again Hail and farewell I'm coming home Let old Acquaintance be forgot And never Brought to mind Waiting For the bells to ring For New Year's To begin Let the bells ring out Hail and farewell Llife begins again Hail and farewell Wherever you may roam That's where I'll be Hail and farewell Wherever you may roam That's where I'll be
