

Doped Up Dollies on a One Way Ticket to Blood

Big D And The Kids Table

Boom goes the dynamite, dynamite, dynamite,
Boom goes the dynamite, dynamite, boom!

Dum dada dum

Doped up dollies on a one way ticket to blood, ticket to blood
Switch her on, turn her key, then sit back and watch her have fun
She said the night aint over till someone tells me to calm down, sit down, s
it down, calm down
Doped down dollies on a way ticket to blood, ticket to blood
Yeah.

8-6-5 baby study the rhyme, Dancing in the street all loopy and blind
2-3-9 my little partner in crime, Didn't study for the test and it's past be
dtime
8-6-5 baby study the rhyme, Feeling like we're moving through water tonight
2-3-9 it's a victimless crime, just digging on the feeling of feeling sublim

A crime with the Missus, fuses lit by her light,
See my mujer impressionate is known to dance with
sleepy feline eyes. 'Cause she's a long cat, a sly cat,
Not someone going your way
She's quite a little ninja, my tough little ninja, my tough little ninja,
Me entiendes hombre!

I'm Mary Mack
I'm dressed in black
I got silver buttons
All down my back
I picked the lock
With my black hair pin
So me and my man
Can sneak right in

I cracked the safe
dialed 8-6-5
Escaped on elephants
In the middle of the night
Jumped over the fence
We got so high
And didn't come back
Till we touched the sky

It's just a clean sneak
enter through the back door
the maid walks you through
lead your lady to the dancefloor
she may review, push, stumble back
spin, baby spin,

feelin' re-re-re-re-re relaxed.

drink after drink, and track after track
you cant beat a night with her
lookin' like that
connect the wires, illuminate the city
Feelin' 110 when out with the ladies

8-6-5 baby study the rhyme, Dancing in the street all loopy and blind
2-3-9 my little partner in crime, Didn't study for the test and it's past be
